Additional Features

- Upon submitting the Data Entry Operator Form, a PDF file containing all details will be automatically generated and downloaded
- After submission, the form will redirect you to the Beneficiary Details page, eliminating the need to re-enter data entry operator details each time

Store Inventory & Relief Distribution

Login

1. Open your web browser and navigate to the Disaster Information Management System website using <https://www.dmispdma.gos.pk/DMIS/dashboard.php>
2. Enter your email and password on the login page.
3. Click the "Login" button.

Relief Status Page

1. Once logged in, you will be directed to the main dashboard. Click on the Store Inventory and Relief Distribution button and then locate the section labeled "Relief Status"
2. Relief Status serve as official documents detailing the items dispatched from the warehouses to your specific district.

Relief Status Page

- There will be two buttons associated with each dispatch:
 - Pending:** Clicking this button will download the delivery note for your reference.
 - Upload:** This button will become available after you have downloaded and reviewed the delivery note.

Relief Status Page

1. Locate a dispatch with a "Pending" status.
2. Click the "Pending" button to download the delivery note. This document details the specific items sent to your district.
3. Review the delivery note and verify the items received match the listed descriptions and quantities.
4. Once you have confirmed the received items, click the "Upload" button associated with that dispatch.

Relief Status Page

By clicking "Upload," you are electronically acknowledging receipt of the dispatched items. The status of that dispatch will then change from "Pending" to "Received" on the Relief Status page.

Important Pointer: Make sure to use the exact name of the downloaded authority letter when uploading the scanned copy.
