

DUST-THUNDERSTORM/LIGHT RAIN LIKELY AT ISOLATED PLACES

- Pakistan Meteorological Department has informed that Dust-Thunderstorm/light rain likely at isolated places in Ghotki, Kashmore, Shikarpur, Khairpur, Hyderabad, Mirpur khas, Badin & Tharparker districts, while Hot/Very Hot and dry weather with gusty winds likely to prevail over most parts of the province
- Wind-thunderstorm/hailstorm and lightning may damage loose structures like electric poles, trees, vehicles and solar panels etc
- Avoid exposure to direct sun light during the day time and remain hydrated.
- Farmers are advised to manage their crop activities (wheat harvesting) keeping in view the weather conditions and take care of their livestock as well.
- Due to hot/very hot and dry weather in the province, general public especially children , women and senior citizens are advised to take precautionary measures.
- Start Network (READY Pakistan) and its partner organizations are actively responding to the ongoing heatwaves across various districts of Sindh, including Jacobabad, through Heatwave Anticipatory Action initiatives. These efforts include preparedness support by establishing heat stabilization centers at DHQ Jacobabad, THQ Garhi Khairo and RHC Mirpur Burriro. The response also involves the capacity building of 100 health-care providers, frontline workers, and paramedics on heatstroke case management. Additionally, over 200 volunteers have been trained on climate change, the impacts of heatwaves, community-level preventive measures, and first aid for heatstroke. Public awareness has been further enhanced through the publication and distribution of IEC materials, along with awareness campaigns and early warnings disseminated via social media and other communication platforms.
- 11 Humanitarian Partners conducted awareness sessions on heatwave impacts, distributed Information, Education & Communication (IECC) material, displayed Banners and awareness raising through print, electronic, social and local media-content approved by PDMA
