15.1 Pursuant to ITB Clause 9, the Bidder shall furnish, as part of its bid, a bid security in the amount specified in the Bid Data Sheet.

15.7 The bid security may be forfeited:

- (a) if a Bidder withdraws its bid during the period of bid validity specified by the Bidder on the Bid Form; or

#### **19. Deadline for Submission of Bids**

19.1 Bid Security and Tender fees must be received by the Procuring agency at the address specified under ITB Clause 18.2 no later than the time and date specified in the Bid Data Sheet.

19.2 The Procuring agency may, at its discretion, extend this deadline for the submission of bids by amending the bidding documents in accordance with ITB Clause 7, in which case all rights and

obligations of the Procuring agency and bidders previously subject to the deadline will thereafter be subject to the deadline as extended.

**20. Late Bids**

20.1 Any bid or bid security received by the Procuring agency after the deadline for submission of bids prescribed by the Procuring agency pursuant to ITB Clause 19 will be rejected and returned unopened to the Bidder.

**21. Modification and Withdrawal of Bids**

21.1 The Bidder may modify or withdraw its bid after the bid's submission, provided that written notice of the modification, including substitution or withdrawal of the bids, is received by the Procuring agency prior to the deadline prescribed for submission of bids.

21.2 The Bidder's modification or withdrawal notice shall be prepared, sealed, marked, and dispatched in accordance with the provisions of ITB Clause 18. by a signed confirmation copy, postmarked not later than the deadline for submission of bids.

**E. Opening and Evaluation of Bids**

**22. Opening of Bids by the Procuring agency**

22.1 The Procuring agency will open all bids in the presence of bidders' representatives who choose to attend, at the time, on the date, and at the place specified in the Bid Data Sheet. The bidders' representatives who are present shall sign a register evidencing their attendance.

22.2 The bidders' names, bid modifications or withdrawals, bid prices, discounts, and the presence or absence of requisite bid security and such other details as the Procuring agency, at its discretion, may consider appropriate, will be announced at the opening. No bid shall be rejected at bid opening, except for late bids, which shall be returned unopened to the Bidder pursuant to ITB Clause 20.

22.3 Bids (and modifications sent pursuant to ITB Clause 21.2) that are not opened and read out at bid opening shall not be considered further for evaluation, irrespective of the circumstances. Withdrawn bids will be returned unopened to the bidders.

22.4 The Procuring agency will prepare minutes of the bid opening.

**23. Clarification of Bids**

23.1 During evaluation of the bids, the Procuring agency may, at its discretion, ask the Bidder for a clarification of its bid. The request for clarification and the response shall be in writing, and no change in the prices or substance of the bid shall be sought, offered, or permitted.

**24. Preliminary Examination**

24.1 The Procuring agency will examine the bids to determine whether they are complete, whether any computational errors have been made, whether required sureties have been furnished, whether the documents have been properly signed, and whether the bids are generally in order.

24.2 Arithmetical errors will be rectified on the following basis. If there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail, and the total price shall be corrected. If the Supplier does not accept the correction of the errors, its bid will be rejected, and its bid security may be forfeited. If there is a discrepancy between words and figures, the amount in words will prevail.

24.3 The Procuring agency may waive any minor informality, nonconformity, or irregularity in a bid which does not constitute a material deviation, provided such waiver does not prejudice or affect the relative ranking of any Bidder.

24.4 Prior to the detailed evaluation, pursuant to ITB Clause 25 the Procuring agency will determine the substantial responsiveness of each bid to the bidding documents. For purposes of these Clauses, a substantially responsive bid is one which conforms to all the terms and conditions of the bidding documents without material deviations. Deviations from, or objections or reservations to critical provisions, such as those concerning Bid Security (ITB Clause 15), Applicable Law (GCC Clause 30), and Taxes and Duties (GCC Clause 32), will be deemed to be a material deviation. The Procuring agency's determination of a bid's responsiveness is to be based on the contents of the bid itself without recourse to extrinsic evidence.

24.5 If a bid is not substantially responsive, it will be rejected by the Procuring agency and may not subsequently be made responsive by the Bidder by correction of the nonconformity.

**Note: In case it is found that any of the requisite document is missing, the bid will be considered non responsive and rejected accordingly.**

**25. Evaluation and Comparison of Bids**

25.1 The Procuring agency will evaluate and compare the bids which have been determined to be substantially responsive, pursuant to ITB Clause 24.

25.2 The Procuring agency's evaluation of a bid will be on delivered duty paid (DDP) price inclusive of prevailing duties and will exclude any allowance for price adjustment during the period of execution of the contract, if provided in the bid.

25.3 The Procuring agency's evaluation of a bid will take into account, in addition to the bid price quoted in accordance with ITB Clause 11.2, one or more of the following factors as specified in the Bid Data Sheet, and quantified in ITB Clause 25.4:

- (a) Incidental costs
- (b) Delivery schedule offered in the bid;
- (c) Deviations in payment schedule from that specified in the Special Conditions of Contract;
- (d) Availability of after-sales support or spare parts is not applicable for ration bag items, as such goods are meant for one-time consumption and do not require maintenance or long-term support services. However, the Supplier shall be responsible for the replacement of any damaged, expired, or substandard items at no additional cost to the Procuring Agency.
- (e) Compliance of the quoted ration bag items with the technical specifications and quality standards mentioned in the Schedule of Requirements, including quantity, packaging, labeling (if applicable), and shelf life.
- (f) Fulfillment of any other specific criteria related to ration bag contents, packaging, delivery timeline, or sampling requirements as indicated in the Bid Data Sheet and/or Technical Specifications.

25.4 For factors retained in the Bid Data Sheet pursuant to ITB 25.3, one or more of the following quantification methods will be applied, as detailed in the Bid Data Sheet:

- (a) Incidental costs provided by the bidder will be added by Procuring agency to the delivered duty paid (DDP) price at the final destination.

(b) *Delivery schedule.*

(i) The Procuring agency requires that the goods under the Invitation for Bids shall be delivered at the time specified in the Schedule of Requirements which will be treated as the base, a delivery “adjustment” will be calculated for bids by applying a percentage, specified in the Bid Data Sheet, of the DDP price for each week of delay beyond the base, and this will be added to the bid price for evaluation. No credit shall be given to early delivery.

**or**

(ii) The goods covered under this invitation are required to be delivered (shipped) within an acceptable range of weeks specified in the Schedule of Requirement. No credit will be given to earlier deliveries, and bids offering delivery beyond this range will be treated as nonresponsive. Within this acceptable range, an adjustment per week, as specified in the Bid Data Sheet, will be added for evaluation to the bid price of bids offering deliveries later than the earliest delivery period specified in the Schedule of Requirements.

**or**

(iii) The goods covered under this invitation are required to be delivered in partial shipments, as specified in the Schedule of Requirements. Bids offering deliveries earlier or later than the specified deliveries will be adjusted in the evaluation by adding to the bid price a factor equal to a percentage, specified in the Bid Data Sheet, of DDP price per week of variation from the specified delivery schedule.

(c) *Deviation in payment schedule.*

(i) Bidders shall state their bid price for the payment schedule outlined in the SCC. Bids will be evaluated on the basis of this base price. Bidders are, however, permitted to state an alternative payment schedule and indicate the reduction in bid price they wish to offer for such alternative payment schedule. The Procuring agency may consider the alternative payment schedule offered by the selected Bidder.

**or**

(ii) The SCC stipulates the payment schedule offered by

the Procuring agency. If a bid deviates from the schedule and if such deviation is considered acceptable to the Procuring agency, the bid will be evaluated by calculating interest earned for any earlier payments involved in the terms outlined in the bid as compared with those stipulated in this invitation, at the rate per annum specified in the Bid Data Sheet.

(d) *Cost of spare parts.*

(i) As this tender pertains to ration bag supplies, which consist of consumable food items and do not involve assemblies or spare parts, the requirement to provide a list of components or associated maintenance costs is not applicable. However, the Bidder shall provide an item-wise breakdown of all contents included in each ration bag, along with their quantities and specifications

**or**

(ii) The Procuring Agency may identify (if required) a list of standard ration bag items along with estimated quantities based on actual or anticipated requirements. For evaluation purposes, the total cost per ration bag shall be calculated using the unit prices quoted by the Bidder for each item. This total will be considered while assessing the bid.

**Or**

(iii) As this tender relates to ration bag supplies, which are consumable and do not involve spare parts or ongoing operational use, no cost estimation for spare parts or maintenance shall be required or added to the bid price during evaluation.

(e) Replacement Arrangements and Local Support within the Procuring Agency's Country

For applicable categories such as ration bag supplies, if the Bidder quotes separately for any arrangements related to timely delivery, scheduling, or the replacement of damaged, expired, or non-conforming items (as specified in the Bid Data Sheet or elsewhere in the bidding documents), the cost of such arrangements shall, where applicable, be added to the bid price during evaluation.

(f) Shelf Life and Replacement Considerations

As ration bag items are consumable and do not involve ongoing operating or maintenance costs, evaluation will primarily consider the unit cost, shelf life, packaging integrity, and the quality of individual items. Where applicable, the Supplier's ability to replace damaged, expired, or substandard items shall also be considered, as specified in the Bid Data Sheet or Technical Specifications.

(g) Quality Compliance and Evaluation Adjustment

(i) Bidders shall ensure that the items quoted meet the quality standards, specifications, and shelf life requirements defined in the Technical Specifications. In case of any deviation from the required specifications (such as short weight, inferior quality, or lower shelf life), an appropriate cost adjustment may be applied during bid evaluation, as outlined in the Bid Data Sheet. This adjustment shall reflect the potential cost impact of accepting lower-quality or non-compliant items.

**or**

(ii) Ration bag contents must meet the minimum quantity and quality requirements as specified in the Technical Specifications to be considered responsive. Evaluation shall be based on the quoted cost per complete ration bag, and any shortfall in item weight, quality, shelf life, or packaging may lead to cost adjustments or disqualification, using the methodology provided in the Bid Data Sheet or Technical Specifications.

(h) Any specific additional criteria indicated in the Bid Data Sheet and/or the Technical Specifications shall apply.

The method for evaluating such criteria shall be clearly outlined in the Bid Data Sheet and/or Technical Specifications, and may include factors such as packaging type, shelf life, hygiene standards, delivery schedule, or branding requirements, where applicable..

~~Alternative~~ 25.4 Merit Point System:

~~The following merit point system for weighing evaluation factors can be applied if none of the evaluation methods listed in 25.4 above has been retained in the Bid Data Sheet. The number of points allocated to each factor shall be specified in the Bid Data Sheet.~~

~~*In the Bid Data Sheet, choose from the range of*~~

Evaluated price of the goods	00 to 0
Quality and Conformity to Specifications	0 to 0
Warranty / After Sales Support (Where applicable)	0 to 00
Past Experience with Similar Supply	0 to 0
Standardization	0 to 0
Total	00

~~The bid scoring the highest number of points will be deemed to be the most advantages bid.~~

### **25.5 Technical Evaluation Of Bids**

b) Conditional Bids, Telegraphic Bids, Bids not accompanied by Bid Security of required amount and form, bids received after specific date and time and bids of Black Listed firms shall be treated as rejected / non-responsive.

c) The Bids shall be evaluated on an item-wise basis.

d) Evaluation shall be based on the documentary evidence submitted by the bidder.

e) Bids should be responsive to the technical specifications of the goods. Goods compliant with minor deviation shall also be considered subject to main utility / function is not effect.

f) Goods shall be evaluated based on the catalogue, brochures, or technical data sheets (containing complete specifications of the offered items), and through physical verification of the samples provided by the bidder. However, for certain items specified in the bid data sheet, laboratory testing shall be mandatory, regardless of the availability of brochures or technical data. In such cases, evaluation shall be based on lab test reports and/or the assessment of the Technical Committee, as applicable

### **25.6 Financial Evaluation of Bids**

a) Financial bids of the technically responsive / qualified bidders shall be considered only.

b) Bids not accompanied by the Bid Security of required amount and form shall be rejected.
